Konu : "ISF Watchkeeper Yachts" Yazılımı Hk.

Sirküler No: 1060

Sayın Üyemiz,

Uluslararası Deniz Ticaret Odası (International Chamber of Shipping)'ndan alınan 23.09.2020 tarihli Ek'te sunulan yazıda, ICS tarafından yat sektörünün yeni çalışma ve dinlenme saati uyumuna ilişkin "ISF Watchkeeper Yachts" yazılım uygulamasının başlatıldığı bildirilmektedir.

Söz konusu yazılımın, çalışma ve dinlenme saati verilerine ilişkin akıllı telefon, tablet ve bilgisayarlar aracılığıyla kullanıcılarına anında erişim hizmeti sunan bulut bilişim (cloud-based) ve çapraz platform (cross-platform) olduğu belirtilmektedir.

Yazıda devamla, bahse konu yazılım ile yat işletmecilerinin Uluslararası Çalışma Örgütü (International Labour Organization-ILO)'nün Denizcilik Çalışma Sözleşmesi (Maritime Labour Convention) ve Uluslararası Denizcilik Örgütü (International Maritime Organization-IMO)'nün Gemi adamlarının Eğitim, Belgelendirme ve Vardiya Standartları Uluslararası Sözleşmesi (International Convention on Standards of Training, Certification and Watchkeeping for Seafarers-STCW) gereklilikleri hususlarında uyumlu olmasının sağlandığı bildirilmektedir.

Konuya ilişkin detaylı bilgiye, <https://isfwatchkeeper.com> internet adresi üzerinden ulaşılabileceği bildirilmektedir.

Bilgilerinize arz/rica ederim.

Saygılarımla,

İsmet SALİHOĞLU
Genel Sekreter

ICS LAUNCHES NEW ISF WATCHKEEPER YACHTS SOFTWARE SOLUTION FOR WORK AND REST HOUR COMPLIANCE

Action required: *To share with member shipping companies the news that ICS has launched a brand-new work and rest hour compliance solution for the yacht sector called ISF Watchkeeper Yachts.*

The software is cloud-based and cross platform, offering users instant access to work and rest hour data on smartphone, Mac, tablet and PC. It is the only software on the market to show live compliance status through either Apple or Android mobile app, allowing real time tracking and testing. The electronic signature function removes the need to print timesheets and also allows independent verification. It also ensures operators comply with the requirements of the ILO Maritime Labour Convention and IMO International Convention on Standards of Training, Certification and Watchkeeping for Seafarers.

We know that yacht crews experience unpredictable work patterns, intense busy periods and last-minute changes to schedules, and yet there is still pressure to meet the same work-rest compliance regulations as the merchant fleet. We are also acutely aware that too many crews still struggle with old-fashioned spreadsheets. The new ICS software offers a simple mobile solution that is full of great innovations to make it very easy to log hours and check on live compliance status.

The original ISF Watchkeeper has been established for more than 20 years and is currently operating on over 8,000 ships. Familiar to Port State Control around the world, it is very much considered as the gold standard by the shipping industry and this new software makes this expertise available to other sectors of the maritime industry.

To learn more about ISF Watchkeeper, visit <https://isfwatchkeeper.com>.

Please contact me for further information or to arrange a live demonstration of the software.
