Konu : ICS COVID-19 Güncel Duyurusu

Sirküler No: 1055

Sayın Üyemiz,

Uluslararası Deniz Ticaret Odası (International Chamber of Shipping-ICS) tarafından gönderilen 4 Ekim 2021 tarihli Ek-1'de sunulan yazıda, Dünya Sağlık Örgütü'nün (World Health Organization-WHO) yayınladığı, ülkelerden bildirilen "Yeni Koronavirüs" (COVID-19) akut solunum yolu hastalık vaka tablosunu içeren güncel istatistiki bilgiler Odamıza iletilmiştir.

Bahse konu yazıda, 4 Ekim 2021 tarihi itibarıyla toplam 233.503.524 adet COVID-19 vakası tespit edildiği, mevcut durumda 220 ülke ve bölgeden vaka bildirildiği belirtilmekte olup, rapor tarihi itibarıyla en fazla COVID-19 vakası tespit edilen ilk 12 ülke, COVID-19 salgını vaka ve vefat sayılarının olduğu tablo ve ülkeler hakkında güncel bilgiler bulunmaktadır.

Yazıda ayrıca, COVID-19 salgınıyla mücadele kapsamında uygulanan iyi örnekler ile ülkeler tarafından sürdürülen aşı programları hakkındaki gelişmelere ait bilgilerin yanı sıra aşağıdaki konulara yer verilmektedir.

- Dünya Sağlık Örgütü tarafından oluşturulan, COVID-19'a yönelik haftalık epidemiyolojik ve operasyonel güncel bilgilerin bulunduğu bültenin (<https://bit.ly/3FCNkZ4>) adresinde,

Sky News Covid 19 Travel Tracker

As it is now getting easier to travel abroad some restrictions are now being eased. However, the pandemic is evolving differently in each country. Sky News has produced an interactive map and country selector to show the COVID situation around the world. The colour of the country's name reflects the level of restrictions that are in force. Countries in red are on the government's **red list** for travel to England. Those in green are classed as 'rest of the world' - travellers face fewer restrictions with these countries. For more information refer to

<https://news.sky.com/story/covid-19-summer-tracker-in-depth-guide-to-how-different-countries-rates-compare-12324242>

Australia

England will decide this week if the Ashes tour to Australia this winter can proceed. The series is due to start in Brisbane on 8 December but hinges on if enough England players want to live under COVID controls whilst Down Under. The England squad and managers were briefed at the weekend how the tour will work and are now deciding whether to join the tour. "With health and wellbeing at the forefront, our focus is to ensure the tour can proceed with conditions for players and management to perform at their best. the ECB Board will meet to decide whether the conditions are sufficient for the Tour to proceed and enable selection of a suitable squad." Whether families can join during the tour and rules expected to be followed, are one of the issues players seek clarification on. Australia has taken a hard stance on international arrivals during the pandemic and only just announced a phased reopening of the border – domestically COVID restrictions also differ across states. The tour should start in Brisbane then Adelaide, Melbourne, Sydney and Perth.

Croatia

The Seafarers' Union of Croatia (SUC) has advised that local authorities are now offering vaccines to seafarers entering Croatian ports from countries outside the European Union.

India

Students in Mumbai, India, have been returning to school after a year of closure due to the coronavirus pandemic.

From today, passengers travelling to India from the UK will have to spend 10 days in quarantine – even if they are double-jabbed. All British arrivals will also have to take a test within 72 hours of travelling to India, along with another test on arrival and a third one eight days later. The Ministry of Health and Family Welfare said it had been introduced "considering the trajectory of COVID-19 cases" in the UK and the "presence of all four variants of concern". India has introduced the policy in retaliation for the same measures being imposed on Indians visiting the UK.

Indonesia

The government has said it will reopen Bali for some international travellers from 14 October. This includes holidaymakers from China, New Zealand and Japan. Senior cabinet minister Luhut Pandjaitan said visitors will be required to quarantine for eight days.

Israel

Israel has tightened its coronavirus rules so that only people who have received a booster jab can enter restaurants, gyms and other venues. Citizens will only be eligible for a new "green pass" if they have had a third vaccine dose or have recently recovered from COVID. Store owners or event organisers will have to scan a customer's digital barcode before allowing entry from tomorrow, although there will be some exemptions, such as museums and libraries. It replaces a previous system that required just two doses. Figures show that about 37% of the Israeli population has had a booster jab.

Japan

Please find below the latest information as kindly provided by JSA effective from September 27, 2021.

For seafarers coming by air countries requiring a quarantine period of three (3) days are; Albania, Bangladesh, Belgium, Bolivia, Chile, Cuba, Denmark, Dominican Republic, Ecuador, Georgia, Greece, Guinea, India, Indonesia, Kazakhstan, Libya, Malaysia, Maldives, Mozambique, Pakistan, Paraguay, Portugal, the Russian Federation (Khabarovsk, Moscow City), Seychelles, Spain, South Africa, Sri Lanka, Tanzania, Turkey, the United Arab Emirates, the United Kingdom, Uruguay, Uzbekistan, and Zambia((PCR Test is required on day 3 after arrival except for persons who have taken a vaccination authorised by the Japanese authority).

Countries requiring a quarantine period of six (6) days are; Argentina, Brazil, Colombia, Costa Rica, Peru, Philippines, Suriname, Trinidad and Tobago, and Venezuela, (PCR Test is required on day 3 and day 6 after arrival).

Vessels coming from outside Japan may require quarantine if they have contacted persons (*) in the previous port (or within 14 days) or a crew change was made in the last 14 days. In that case, the quarantine authority requires a PCR test for crew members on arrival (and cargo operation to be suspended till showing a result).

However, such a requirement is up to quarantine officers.

*Generally, contact means a "close contact".

There remains no vaccination service for non-Japanese crew members in Japan. The state of emergency was lifted on September 30 2021.

Mauritius

John Watts, from the Mauritius Tourism Promotion Authority, says the country is inundated with tourists jetting in. He said Mauritius had "one of the strongest responses to the COVID pandemic", with international border restrictions in place for 18 months. It partially reopened in July and fully reopened last Friday, with 89% of adults vaccinated, he adds. "The response to COVID is world class," he said adding that tourism accounts for 25% of its GDP, with 100,000 people directly employed in the sector. Asked about if there will be a need to bring back restrictions, he said what's important for destinations like Mauritius is working together to share information and data.

New Zealand

New Zealand has abandoned its strategy of eliminating COVID-19 and eased some lockdown restrictions in its biggest city Auckland. The country will instead look to live with the virus while controlling its spread. It was among just a handful of countries to bring cases down to zero last year and largely stayed virus-free until an outbreak of the Delta variant in mid-August frustrated efforts to stamp out transmission. It is changing its strategy for tackling coronavirus as the government says it can no longer completely eradicate it. It has reported just 27 COVID deaths and pursued a zero-tolerance approach through strict lockdowns and aggressive contact tracing.

Prime minister Jacinda Ardern said: "With this outbreak and Delta the return to zero is incredibly difficult." This is a change in approach we were always going to make over time. Our Delta outbreak has accelerated this transition. Vaccines will support it." Ardern announced a cautious plan to ease lockdown restrictions in Auckland. She said: "For this outbreak, it's clear that long periods of heavy restrictions has not got us to zero cases. But that is OK. Elimination was important as we didn't have vaccines. Now we do and can start to change how we do things." 65% of nationals have had at least one dose and 40% are fully vaccinated. Today authorities reported 29 new cases, taking the total current outbreak to 1,357. Most cases are in Auckland, which was in lockdown for nearly 50 days.

Philippines

According to Safety4sea nearly 100,000 of the country's seafarers have been vaccinated against COVID-19 so far, Trade Union Congress of the Philippines (TUCP) told to Inquirer news agency. Namely, they noted that rehiring of Filipino seafarers is increasing since their inclusion in the priority vaccination groups.

From around 470,000 Filipino seafarers deployed in 2019, only around 252,000 seafarers could leave last year due to the global pandemic lockdown. "At the rate national and local governments are vaccinating seafarers, we are optimistic that we can reach our target number of Filipino seafarers completely vaccinated and ready for redeployment by the end of 2021," ...TUCP party list Rep. Raymond Mendoza told Inquirer news.

Singapore

Thanks to SSA for providing two documents on crew change in Singapore attached at Annex 1 and 2. The main points are as follows:

Resumption of Crew Change from India with Enhanced Protocols

- Crew travelling can join ship in Singapore, with effect from 14 days (to account for 14-day Stay-Home-Notice (SHN) period)
- Crew must stay at a CrewSafe facility in India to serve their 14-day SHN ([link](#) to latest list of CrewSafe facilities)
- Drivers transporting crew from CrewSafe facility to Indian airport must don full PPE and produce negative PCR test within 48 hours and negative ART test 24 hours from transporting crew
- Flight must be chartered as commercial flight travellers cannot currently enter.

Changes to Singapore's Vaccination Programme

- Vaccination programme has started as of yesterday ([link](#) to application form)
- Vaccine offered has been changed to Pfizer (previously offered Moderna), so eligible seafarers are:
 - Unvaccinated seafarers; and
 - Seafarers who have taken their first Pfizer vaccination shot more than 21 days before his/her arrival to Singapore
- Cost is now SGD\$160 per shot

Attached at Annex 3 is a forecast Flight Schedule into Singapore to 12 Oct, from the Singapore Ministry of Transport. This is to assist Ship Owners/ Managers/ Manning and Crewing staff to plan crew flights into Singapore to match Vaccination Centre operations.

UK

The Chancellor said the Kickstart scheme, created once the pandemic started funds creating new jobs for those aged 16-24 at risk of long-term unemployment, will continue next year. He stated recovery comes with a cost and a need to fix public finances and that people thought unemployment would hit 12% but fell for about six months running to under 5% and the government is "throwing the kitchen sink" at identifying new roles and to learn new skills. He would not rule out increasing income tax saying a recent manifesto-breaking National Insurance rise was to ensure the NHS could recover from the pandemic.

He conceded there will be shortages this Christmas and that ministers were trying to mitigate these. "We're seeing supply disruption, not just here but in many different places, there are things we can try and mitigate, and we are. but we can't wave a magic wand. I can do nothing about the decision by an Asian country to close a port due to a covid outbreak and said there's a shortage of HGV drivers across Europe.

According to the Guardian, the transport secretary claimed vaccines make people more comfortable in enclosed spaces without face coverings, He said anyone who hasn't had a jab without having a medical reason was "mad". He reportedly said that three months ago it would have been led to a feeling of "safety". A University of London epidemiologist warned government officials not wearing masks risk undermining public messaging.

The prime minister said the UK is seeing wages increase for the first time in more than a decade. He claimed supply chain issues, as we've seen with the fuel crisis recently, is the function of the economy "coming back to life after COVID - sucking in gas in particular". He said there is a shortage of lorry drivers around the world, including in China.

Manchester Airport's managing director Karen Smart told Sky News the travel industry has been "down on its knees" for the last 18 months. She said changes to the travel rules, which came into place today, are "without doubt an improvement and we hope that it gets people moving again". She said passengers were at 20% of pre-COVID levels during the summer, but the airport hoped for a busy half term to really start the recovery". She said she hoped to return to something resembling normality next summer. The airport believed passenger levels next summer will achieve 75%- 80% which will feel busy.

The UK's travel traffic light has been scrapped replaced by two categories - countries on the red list and everywhere else. fully vaccinated arrivals in the UK and those under 18 - will see changes. Arrivals from non red list countries can enter the UK without a pre-departure test and do not have to take a PCR test eight days after arrival or isolate at home. Later this month it is expected people will not have to take a PCR test on day two from arrival from a non-red list country but will be able to take a cheaper lateral flow test.

Annabelle Bonus, of the education charity Drink Aware, told Sky News " habits developed over lockdown are now becoming ingrained. Last year at the height of the pandemic, many people drank more than usual. Anyone can be a high risk drinker. Research showed that, during lockdown, some people drink out of boredom and others drank more at the end of a working day.

The Welsh health minister has said all children aged 12-15 in Wales will be offered a covid jab by half-term. She said some studies show one in seven children who have been infected are thought to have developed long COVID, adding she encouraged parents, guardians and children to discuss vaccination together. Meanwhile the Association for School and College Leaders Cymru, said schools were being targeted by anti-vaxxers. warning it had really upset the system and was deeply disappointing.

The government introduced a £20-a-week uplift during the pandemic last year, due for phase out before 13 October. The Welsh first minister, urged Boris Johnson to reverse the decision as it would have serious consequences He joined Scotland and Northern Ireland in requesting the PM to reverse the decision.

US

Johnson & Johnson is seeking authorisation of its booster shot in the US. It will ask US federal regulators for approval this week, the New York Times reported.

Vietnam

People have left Ho Chi Minh, Vietnam, to return to their hometowns after the city eased a its lockdown last Thursday. Thousands of people, mostly migrant workers, left over the weekend over worries they would get stuck again if there was another wave of infections.

**COVID-19 PROTOCOL ON
SEAFARERS VACCINATION IN THE PORT OF SINGAPORE
(Dated 1 October 2021)**

In collaboration with and supported by:

PREFACE

This Guidebook focuses on the vaccination of seafarers in the Port of Singapore.

The Singapore Shipping Association (SSA), together with the Singapore Maritime Officers' Union (SMOU), Fullerton Health Group (FHG), Maritime and Port Authority of Singapore (MPA) and PSA, and supported with funding from Partners of the Singapore Shipping Tripartite Resilience (SG-STAR) Fund, has worked out protocols for seafarers who would like to be vaccinated in Singapore.

Participation is voluntary and application is to be submitted 7 days before crew's arrival to Singapore to ensure compliance with the crew change protocols as well as arrangements of vaccines.

PROCESS FOR VACCINATING SIGN-ON CREW

- a) Ship owner/manager/agent will apply for crew's vaccination at the following website <https://form.gov.sg/61419c174a811300125a74bf> at least 7 days prior vessel arrival Singapore
 - b) The following additional forms and documents must be submitted to MPA together with all the remaining required documents, attached as Annex A, for Final-No-Objection (FNO):
 - i. Form A: Enhanced Company's Letter of Undertaking
 - ii. Form B: Crew's Pre-Assessment Form
 - iii. Form C: Crew's Health Declaration Form
 - iv. Certificate of first dose of vaccination (if crew is applying for his/her second dose)
 - v. Proof of payment
 - c) Upon crew's arrival at the airport, ship agent shall have to notify FHG, MPA, PSA and SSA that vessel is in port and is ready for crew's boarding on board immediately after taking the vaccine at vaccination centre via the following email addresses: Crew_change@mpa.gov.sg; Kelton_lim@mpa.gov.sg; psac-tpwvaccentre@globalpsa.com; seavax@ssa.org.sg; seavax@fullertonhealth.com
- Crew will not be allowed to proceed to the vaccination centre if the ship agent did not submit the email notification.
- d) Land transport providers transporting crew for vaccination from the airport shall apply for a PSA pass to enter the Vaccination Centre at Tanjong Pagar Terminal (TPT). Entry and Exit is only via Tanjong Pagar Terminal Gate 1. Please refer to Annex B for the application form for the PSA Pass to the Vaccination Centre. Land Transport provider shall have a local agent to provide a sponsor letter.
 - e) Crew will be assessed on-site and is required to sign a health declaration form prior to their vaccination. Please be informed that vaccination may be refused or cancelled for medical or any other reasons after assessment.

Similar to sign-on crew change process, a safe and coordinated planning process should be maintained at all times as per the process flow below.

UNDERTAKING AND DECLARATION FOR CREW CHANGE APPLICATIONS

We [shipowner / manager /agent name] undertake and declare that we have ensured that the sign-on crew - listed in **Annex A**, who are employed by us to serve on board [insert vessel name] carried out 14 days of self-isolation in the period immediately prior to his/her departure flight to Singapore.

2 We undertake and declare that we have ensured that all sign-on crew (listed in Annex A) complied with the following requirements, in addition to the standards equivalent to the Singapore Ministry of Health's "Health Advisory for Persons Issued Stay Home Notice":

- a) The crew remained in his/her place of residence at all times throughout the 14 days.
- b) Within his/her place of residence, the crew did not interact with others living in the same residence. The crew stayed isolated in his/her room and used a dedicated toilet (i.e. toilet was used by anyone else but the crew).
- c) The crew kept a temperature and health log for the 14 days of self-isolation – for this health log, the crew must record his/her temperature twice daily and record any signs of respiratory symptoms such as cough or breathlessness. We undertake to provide this health log for all of the crew, to MPA, when we make our application for crew change.

3 We also undertake and declare that we have ensured that the crew continued in self-isolation, and complied with the conditions in paragraph 2, in any case of a flight delay or re-schedule, until he/she he/she departs for Singapore.

4 Where a crew is detected to be febrile at any point in time, including at point of departure, we [shipowner / manager] undertake that we will ensure that the crew does not travel to Singapore.

5 Where we have arranged for any of the crew to receive the COVID-19 vaccine in Singapore, we [shipowner / manager] understand that the vaccine will be administered to the particular crew on the following conditions:

- (a) the particular crew has confirmed that he/she is aware that he/she will not be able to choose the brand of vaccine administered;
- (b) the particular crew has been made aware of the risks, benefits, and side effects of the vaccine and he/she has confirmed that he/she is voluntarily receiving the vaccine;
- (c) the particular crew has agreed that he/she must be observed for 30 minutes following the administration of the vaccine and that he/she may be sent to the hospital for medical treatment should he/she experience an adverse reaction to the vaccine or is otherwise assessed to require medical attention within the observation period; and
- (d) the particular crew has agreed that the vaccination may be refused or cancelled for medical or any other reasons.

(e) Crew who has received the vaccine shall not perform any heavy duty work over the next 7 days.

6 We [shipowner / manager] agree and undertake to bear all costs of the crew's vaccination, as well as all medical, hospitalisation, accommodation and other associated costs where these are incurred in the event the crew experiences adverse reactions to the vaccine, or is assessed to require medical attention and/or hospitalisation following the administration of the vaccine;

7 We [shipowner / manager] agree to indemnify, and hold the Maritime and Port Authority of Singapore and its agents, employees, subcontractors, affiliates and subsidiaries harmless in respect of any and all claims of any nature by any party, liabilities, damages, costs and expenses, arising in connection with or in relation to the administration of the vaccine.

8 We [shipowner / manager] further undertake to implement our oversight measures to ensure compliance with MPA's crew change application requirements, including doing regular spot checks on compliance with the self-isolation requirements. We undertake to promptly notify MPA of any non-compliance.

9 We [shipowner / manager] acknowledge that should we be found to have breached any of the undertakings in this letter of undertaking, or if a COVID-19 infected crew is found to have travelled to Singapore, or we have given MPA any information, required under this letter of undertaking, which is untrue, MPA may immediately suspend consideration of all crew change applications for a period of three (3) months, and take any other necessary action.
